

General Radiology/IR & Cardiology Consulting Services

As you focus on adding or managing the complexities of these very technical and high dollar services, it is important to collaborate with those intimately familiar with the coding and charging to achieve continuous improvement. Panacea's team of specialty auditors and educators under the direction of Jeff Majchrzak, BA, RCC, CIRCC, assist with creation of correct charge options for services provided and fine tuning of these service lines. We are experts in full charge capture, provider documentation, accurate coding and compliance, as well as pricing strategies.

Panacea provides expertise in the following **Interventional Radiology** procedures:

- Angiography/Venography
- AV Dialysis Circuit
- Central Venous Access
- Aspiration, Biopsy & Drainage
- Gastrointestinal System/Biliary Procedures
- Invasive Mammographic
- Genitourinary System
- Myelography/Arthrography/Pain Management
- Aortic Endografting
- Infusion Therapy (Lytic and Non-Thrombolytic)
- Embolization including radioembolization, chemoembolization, bland embolization, etc.
- Angioplasty / Atherectomy / Vascular Stenting/Thrombectomy
- Ablation (i.e., venous, RF, Cryo)

Diagnostic Cardiac Catheterization such as:

- Right and/or left heart catheterization
- Congenital Cardiac Anomaly Heart Catheterization
- Pediatric Cardiac Catheterization
- Coronary angiography
- Bypass graft angiography
- Aortic root angiography
- Additional cardiac procedures such as: intravascular ultrasound, FFR, etc.

Therapeutic Percutaneous Coronary Interventions (PCI) such as:

- Angioplasty
- Stent placement (including bare metal, drug eluting, etc.)
- Atherectomy
- Thrombectomy (aspirational, mechanical)
- Acute Myocardial Infarction (AMI)
- Chronic Total Occlusion (CTO)
- Bypass Graft (of / through)
- Structural Heart Occluders

Panacea provides expertise in both **diagnostic EP testing and therapeutic EP ablation** procedures. Additionally, **cardiac rhythm management** procedures such as pacemaker and ICD services (e.g. placement, removal, exchange) are part of Panacea's expertise.
