CDMauditor Coding and Compliance Module powered by ChargeAssist®

On both state and federal fronts, hospital chargemasters continue to be the focus of intense scrutiny — making it critical to employ charge description master ("CDM") technology that can both ensure accurate coding and compliance and enable hospitals to defend and document chargemaster pricing at the line-item level.

Maintain your chargemaster with ChargeAssist®, the coding and compliance module from our CDMauditor suite. ChargeAssist® is a cloud-based Charge Management solution for both small and large enterprise organizations that combines CDM auditing, charge benchmarking, charge change workflow management, and regulatory resources in an integrated easy-to-use product. Partnering with Holliday & Associates, ChargeAssist® was developed from the ground up to redefine how hospitals manage their CDM. The ChargeAssist® module contains at an all-inclusive annual fee:

- CDM Audit Suite™ reinvents the audit process for annual and ongoing CDM maintenance.
- Price Analyzer™ assists in the assessment of existing line item prices.
- Change Monitor™ resolves CDM Management's biggest challenge — automating user collaboration and documentation of charge changes.
- Ultimate Research Center™ is a single source coding and regulatory resource, providing cost savings on expensive third party resources, and ensuring smarter staff.

Our innovative, next-generation system is built on a platform critical for today's complex EMR's, while at the same time allowing for excellent performance with all vendor systems. Users receive e-mail alerts, ongoing support from Panacea chargemaster consulting experts, automated workflow tools, continual change analytics and ready-to-access regulatory information tailored to the services performed in your clinical departments.

CDMauditor's comprehensive chargemaster maintenance and strategic pricing suite also includes the following modules: Hospital Zero-Base Pricing®, Comparative Health Data™, Unit Cost Estimator™, PHARMauditor.com™, PhysicianPricing.com™ and CDMsync™.
