Eliminate the strain of healthcare compliance.
Save money. Improve efficiency. Enhance Flexibility.

The First Healthcare Compliance solution is the most *comprehensive turnkey solution* for addressing your compliance program management needs. It is:

- **Online.** A secure, cloud-based, centralized management system.

- **Comprehensive.** Automates the entire compliance management process from customizing policies and procedures, identifying and assessing risks, to training employees and more.

  - An executive dashboard provides oversight to monitor the compliance needs of your business, network, or healthcare clients.

  - Access to real-time data and reporting ensures you stay informed and remain in compliance with federal regulations and best practices.

  - Actionable alerts notify you of emerging risks or issues allowing for timely remediation.

- **Fully-integrated.** Includes Document Library, LEIE Employee Screening, Training, and Anonymous Hotline, CME courses, CEU courses/Webinars, Articles, White Papers, and a Compliance Blog.

- **Well-supported.** Live, personalized toll-free support from trained professionals.

- **Cost-effective.** Multiple solutions to select from based on your needs.

1st Healthcare® Compliance
